## AMPROBE®

## Amprobe Retail Products Price List wef 04 February 2022

### Digital Insulation Tester 1kV - AMB 25

- Conforms to IEC 61010:1, CAT-III-1000V
- Test Voltage - 250V, 500V, 1000V DC
- Automatic DAR Testing
- In-built continuity testing
- Resistance measurement function
- **1 Year Warranty**

**18,900/-**

### Industrial 5kV Insulation Tester - AMB-50

- Conforms to IEC 61010:1, CAT-III 1000V
- Test Voltage - 500V, 1000V, 2500V, 5000V DC
- Insulation Resistance Measurement upto 1 T Ω
- PI, DAR & Pass / Fail Testing
- Internal memory for 18 measurement
- **1 Year Warranty**

**61,000/-**

### Temp-Humidity Meter - TH 1

- Compact size, easy to carry
- Temperature, Humidity measurement with Dew Point / wet bulb
- Easy to read LCD with dual display, MIN/MAX & data hold features
- Precision capacitor polymer film Rh sensor with protective cap
- **1 Year Warranty**

**10,700/-**

### Temp-Humidity Meter - TH 3

- High Accuracy Professional grade instrument
- Temperature, Humidity measurement with Dew Point / wet bulb
- Large LCD display with dual readings of T-Rh, data hold, Auto OFF
- Relative measurement to track changes, Min/Max read outs
- **1 Year Warranty**

**16,300/-**

### Lux Level Meter - LM 100

- Conforms to IEC-61326-1, accurate & easy to use with one hand operation
- Selectable range - 200,000 Lux, 20,000 Foot Candles, resolution - 0.01 fc/lux
- Suitable for incandescent, fluorescent, metal halide, High pressure sodium lamps
- Large 3.5 digit LCD display with data hold & Auto power OFF
- **1 Year Warranty**

**10,900/-**

### LED Lux Level Meter - LM 200 LED

- Professional tester, measurement as per JISC 1609:1993, CNS 5119 Class A specs
- Selectable measuring range - 400,000 Lux, 40,000 Foot Candles with angled light cosine correction
- **1 Year Warranty**

**16,300/-**

### Sound Level Meter - SM 10

- Conforms to IEC -61326-1, IEC 651 type 2, ANSI 1.4 type 2, CE
- Type A & Type C weighting - 130dB
- Frequency response - 31.5 Hz to 8kHz
- Slow & fast time response to check peak/Avg Noise level
- 4 digit LCD, 0.1 dB step resolution, Min/Max recording, Auto power OFF
- **1 Year Warranty**

**14,900/-**

### Solar Power Meter- Solar 100

- Measures the solar power and transmission up to 2000 W/m<sup>2</sup>
- Power & transmission mode - power per unit area & % transmission thru window
- Useful for window performance, finding right location for solar heaters, solar PV panel
- **1 Year Warranty**

**29,900/-**

### Anemometer - TMA 5

- Measure air velocity, temperature, relative humidity, dew point, wet bulb & wind chill
- External temperature probe included, Max wind speed display, data hold
- Compact size, easy to carry & use, Low battery indication, Auto power OFF
- User selectable measurement units, quick measurement response
- **1 Year Warranty**

**11,800/-**

### Thermometer - TMD-50

- Highly accurate thermometer with 0.1% basic accuracy for precise measurements
- Dual input T1, T2, T1-T2
- Large, backlit easy to read display
- In-field thermocouple offset adjustment
- °C/°F selection
- Robust protective Holster
- **1 Year Warranty**

**12,000/-**

## AMPROBE®

## Amprobe Retail Products Price List wef 04 February 2022

### LCR Meter - LCR 55A

33,000/-

- Measures inductance, capacitance, resistance, transistors, diodes and microwave diodes
- Large 3.5 digit, 1999 count LCD display with data hold and max readout
- Low battery indication & Auto OFF function for long battery life
- Rugged construction with long service life
- **1 Year Warranty**

### Tacho Meter - Tach 10

13,100/-

- Measure surface and rotational speeds - contact + non-contact
- User selectable units- RPM, m/min, ft/min, yd/min
- LCD display for easy read out
- Auto power Of f
- **1 Year Warranty**

### Battery Tester - BAT 200

1,200/-

- Works with standard and rechargeable batteries
- Compatible with: 9 V, AA, AAA, C, D, 1.5 V button type
- Compact design
- Ergonomic battery holder
- **1 Year Warranty**

### Battery Tester - BAT 250

900/-

- Quickly indicates if batteries are "good", "low" or "replace"
- Test standard and rechargeable batteries: 9V, AAA, AA, C, D, and 1.5 V button/coin/watch
- Ergonomically designed to contour to your hand for easy operation
- No batteries required to operate
- Large, upright display is easy to read
- **1 Year Warranty**

### Infrared Thermometer IR-720

20,700/-

- 20:1 Distance to Spot Ratio
- Temp Range of -32 °C to 1050 °C
- Precision accuracy and rapid response time
- Laser pointer, backlit dual LCD Display
- Auto display hold and MAX/MIN memory
- Adjustable emissivity
- **1 Year Warranty**

### Infrared Thermometer IR-730

30,800/-

- 30:1 Distance to Spot Ratio
- Temp Range of -32 °C to 1250 °C
- Precision accuracy and rapid response time
- Laser pointer, backlit dual LCD Display
- Auto display hold and MAX/MIN memory
- Adjustable emissivity
- **1 Year Warranty**

### Moisture Meter - MT 10

9,000/-

- Check moisture content of wood, paper, cardboard & building material
- Can be used for bricks, mortar, cement, wall, ceiling moisture check
- 3 color LEDs for Low, Medium, High moisture content indication
- LCD display for moisture and Temp indication
- **1 Year Warranty**

#### Terms & conditions:

1. Prices mentioned are List Price and does not include GST.
2. GST, freight, insurance or any other levy shall be charged extra as applicable.
3. A valid proof of purchase (invoice) with product serial number mentioned is must to claim warranty.
4. This price list supersedes all previous Price Lists.
5. Fluke reserves the right to revise price anytime without prior notice.
