

TL-1 TEST LEAD

- Double Insulation
- 100Cm length with Teflon Tape Insulation
- MAX. Insulating Temperature : 260°C
- CAT III 1000V 20A

TL-2 TEST LEAD

- Double Insulation
- 100Cm length with Teflon Tape Insulation
- CAT III 1000V 10A

TP-01 TEMPERATURE PROBE

- Tests the Temperature of environment
- Probe Connected With K Type Plug
- Thermocouple Index No.: K Type
- Length 1000mm
- Range : -40°C~260°C

TP-02A TEMPERATURE PROBE

- Tests the Temperature of environment
- Probe Connected With K Type Plug
- Thermocouple Index No.: K Type
- Range : -30°C~600°C
- Probe Diameter : 3mm, Probe Length : 80mm
- Cable Length : 1500mm

TP-03A TEMPERATURE PROBE

- Tests the Temperature of environment
- Probe Connected With K Type Plug
- Thermocouple Index No.: K Type
- Range : -30°C~750°C
- Probe Diameter : 3mm, Probe Length : 160mm
- Cable Length : 1500mm

TP-04 TEMPERATURE PROBE

- Tests the Temperature of environment
- Probe Connected With Multimeter Jack
- Range : -40°C~260°C
- Length : 1000mm

USB CABLE

Features:

- 1.5 meter Cable with USB 8.5mm Jack for AVM-07 & VB-8205
